Project Background

Bhutan Broadcasting Service (BBS) is expanding its commitment to innovative, high-impact television with the launch of a new reality show filmed in a dedicated outdoor studio space, in addition to its in-house productions. The outdoor studio will be designed to accommodate a wide range of reality show formats allowing for creative set designs, and live audience participation.

Eligibility & Requirements for Studio Rental

Experience & Capacity

- Experience with outdoor and reality TV hosting.
- Portfolio of 2–3 relevant past projects.
- Sound and light equipment details
- Detailed specification and size of LED video wall equipment to be used.
- Technical professionals and number of members.
- Assurance of safety for BBS equipment.

Required Studio size and main stage dimensions

- Main Studio size in sq. m: (LxB) $14.8 \times 9.55 = 141.34$ Sqm
- Main stage size : (LxB) $8.37 \times 5.82 = 48.71$ sqm

Studio Facilities

- **LED:** Main wall LED along with side LED panel preferable.
- **Equipment Storage:** Secure protected area adjacent to the main set for storing cameras, and audio gear during and after filming.
- **Toilets:** Separate, accessible toilets for staff and contestants, located within the studio.
- **Green Room:** Designated waiting/rest area for contestants and staff.
- **Power Supply:** Sufficient power supply for all LED panels, lighting, cameras, and backup systems.
- **Parking:** Dedicated parking area for production vehicles, crew, and guests.
- **Lighting:** Adequate lighting rigs capable.
- **Camera Setup:** Multiple camera positions with cabling planned for safety and avoid hazards.
- **Access and Safety:** Clear, unobstructed access routes for crew, contestants, and emergency services.

Financial Proposal

- Quotation for complete Studio Services
- Breakdown of costs: LED, Power Supply, Backup system.
- **Availability**
 - Confirmation of availability for studio rental as per BBS schedule.
